

Custom Capabilities

There are many items in the range that can be customised or made-to-order, providing an unrivalled level of flexibility, these include:

Linear and Vector modular aluminium frame systems - you can use 'Elements' to configure your own display design or we can work from a custom brief.

Banner stands - Original 2, 3 and Uno can be manufactured to custom widths

Pop-ups - can be built to custom configurations based on standard 'quads' as building blocks

Fabric panels for banners and pop-ups - simply select your fabric and place your order

Physique range of portable furniture - manufactured to custom designs and sizes with a range of finishes to choose from for the side panels, tops and bases. You can even have custom logos engraved and thermoformed into wooden tops.

Carry bags - canvas bags can be manufactured to custom specifications.

Panel kits - standard panels in custom configurations

Panel & Pole - standard panels in custom configurations and custom sized panels

Poster frames and rails - manufactured to custom sizes

Promotor units and lightboxes - manufactured to custom sizes
