

# Modular Panels

One of the largest choices of modular panel systems available. To create any kind of presentation or display from desktop to full exhibition stand, all you need to add is your imagination.

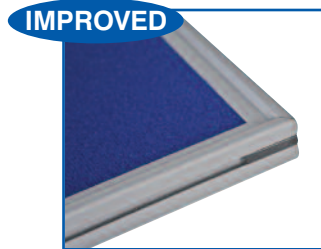

Four panel styles in standard or custom sizes provide display systems suitable for all types of event and budget. Our CAD design team is able to provide innovative exhibition display layouts. Non standard colours, configurations and sizes available, the choice is yours!

## Matrix

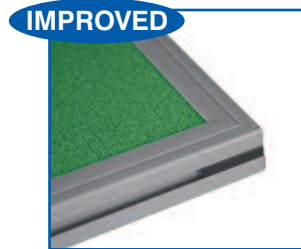

**Premium** panel range offers a complete modular system that is flexible enough for a wide range of applications from simple presentation kits to conference and exhibition stands.

A choice of high quality tooled extrusions offer panel styles to suit a variety of applications: fabric panels, replaceable graphic panels, clear acrylic panels and seamless graphic walls. (Wide range of accessories, matching furniture and panel display units).

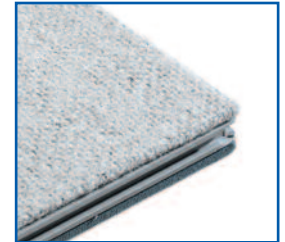

## Baseline

- Recessed panel face allows graphics up to 3mm thick to be fixed flush with the extruded frame
- Graphics remain in-situ during foldaway and transit
- Lightweight with loop nylon finishes
- Cost effective

## Contender

- Suitable for small to medium displays up to 3m x 3m with choice of panel sizes
- Choice of panel sizes and fabric colours
- Hinged or panel & pole options

## Phantom

- Very strong, durable and stable – ideal for hire
- Integral extruded frame provides option of seamless presentations
- Choice of panel sizes and fabric colours
- Full range of accessories, including clip-on shelving and lighting

6 Panel Kit
